

ELECTRIC PIG ROTISSERIE

Item # 1456

845.226.2447

INSTRUCTIONS:

Rotisserie can hold up to a 125lb pig. Place rotisserie on top of 5' charcoal grill and insert sharpened ends into pigs chest and backside. Light grill and turn the power on and allow 7-13 hours to cook. If the rotisserie isn't spinning properly, check to make sure the chain is on track near the engine.

POWER REQUIREMENTS:
 Dedicated 20 AMP Circuit.
** Be Sure that nothing else is plugged into the same circuit

SPACE REQUIREMENTS:
 W: 5'6", H: 4'9"

OPTIONAL EQUIPMENT:

OTHER REQUIREMENTS:
 Charcoal, pig

Cleaning:
Empty all charcoal out of grill and spray clean with hose. Wipe any juices off of actual rotisserie
